Flynt Group Selected for Sensitive Asset Security Assessment

Kansas City, MO – July 29, 2008 – The Flynt Group, Inc. announced today that it has been selected to conduct a Security Vulnerability Assessment of a sensitive, complex critical infrastructure asset. The asset is a major facility with chemical and radiological materials on-site. The assessment will examine potential asset vulnerabilities to different attacks and threats, including terrorists.

Flynt Group's CEO, Dr. Bill Flynt, LTC(R) commented: "The Flynt Group has done many assessments of critical infrastructure assets. This specific assessment involves sensitive materials; physical, cyber, human, and process control security; and both Blue and Red Team analysis across several types of threats. The client selected Flynt Group for this project based upon our demonstrated expertise and experience in modeling diverse threats to complex assets, and we are honored to have been entrusted with this important responsibility."

For information on how we can support your requirements, please contact us at 877.FLYNTGP (877.359.6847) or Info@FlyntGroup.com, or visit www.FlyntGroup.com.
