## **Flynt Group Supports US Department of State Program**

**Kansas City, MO – August 31, 2010 – The Flynt Group, Inc.** announced today that it has been retained to support the US Department of State's African Contingency Operations and Training Assistance Program (ACOTA) with strategic planning and training program services.

Flynt Group's CEO, Dr. Bill Flynt stated "We are proud to support the ACOTA program. It enhances critical, multidimensional capabilities of its African Partner countries, Africa's regional institutions, and the United Nation's and Africa Union's Peacekeeping forces."

The program is a US Department of State funded and managed initiative, with significant operational involvement by the United States Africa Command. Currently twenty-two countries are ACOTA partners, and the program provides a full range of peacekeeping training tailored to a partner country's specific needs and capabilities. The importance of this program is underscored by its support to peacekeeping operations in the Democratic Republic of Congo, Liberia, Burundi, Cote d'Ivoire, Darfur, Somalia and Lebanon.
